

**Deputy Director  
for  
Information Security**

14 July 1986

TO:  Deputy Director for  
Physical and Technical Security,  
CIA

SUBJECT: Technical Countermeasures  
Committee (TCC) Draft  
Charter

Wayne:

I have rewritten the CCISCMS/ICS draft charter for my Technical Countermeasures Committee and would appreciate any thoughts you might have on the attached version before I forward it to the Chairman, IG/CM(T). In drafting our new Charters, I want to ensure that the lines of responsibility between our two Committees are reasonably clear in the beginning, recognizing, of course, that we may have to redraw the lines as issues arise.

I have also reviewed the draft Charter for your Technical Surveillance Countermeasures Committee provided the CCISCMS/ICS and have no comments.
